

May 2016

Please be aware that we now have set up online race entry payment system, yes that means you can now pre enter online and make your payment by either MasterCard or Visa, and come race weekend all you will have to is confirm your entry.

By pre entering it will help us get the racing up and running faster on Sunday morning, so pre enter and pay online by latest Wednesday night prior to the race weekend and you will avoid late payment fees.

Karting Australia Licence System
