

## **Wanted your photo for the new smart card licence.**

24/8/2009

Anyone who has not got a plastic smart licence card could they please forward a current passport size photo to the VKA office by either post or email so that we can make up the card in readiness for your renewal.

The cards are for three years but you need to renew your licence every 12 months and this can be done online.

All clubs will be using the new system from September 09 so please help them by getting the plastic card ASAP.
